### **Notices**

- Berkeley Heights Planning Board - Hearing on May 20, 2020

## **ORDINANCES AND RESOLUTIONS EXPLANATION:**

A governing body of a municipality may formally act through ordinances or resolutions. Ordinances usually encompass legislative acts. Resolutions usually deal with administrative or acts performed according to legal authority, established procedures or instructions from the Common Council.

### **Ordinances:**

An act initiated by the Common Council that becomes law. The violation of an ordinance may result in summonses being issued. Generally, an ordinance remains in effect until repealed or modified and may not be amended or modified by a resolution. It requires a public hearing and publications in the town's legal paper before becoming effective. Examples of ordinances are those which deal with changing parking or speed limit requirements, code enforcement, implementing State mandates at the local level and creating boards or commissions.

---

### **Resolutions:**

Any act or regulation that is required to be reduced to writing but may be finally passed at the meeting at which it is introduced. The legal effect of a resolution is the same as an ordinance except summonses cannot be issued for their violation. Generally, life of a resolution is permanent unless there is language to the contrary. Typical resolutions deal with: Opinion expressions; Requests for action to other elected officials or bodies or governmental agency[s]; One-time actions and Routine authorizations such as making appointments and awarding contracts.

**DATE:** April 6, 2020

On March 2, 2020 James Weber, Esq, Law Office of Dempsey, Dempsey and Sheehan, on behalf of Bristol-Myers Squibb (BMS) sent correspondence to the Mayor and Common Council requesting an amendment to Development Regulations Ordinance (DRO), specific to the Planned Research Office Development (PROD) Zone.

The request was assigned to the Capital Projects & Community Services Committee (CPCSC) as a DAR for evaluation and consideration.

The purpose of the amendment is to confirm the existing Chimeric Antigen Receptor T-Cell Therapy (CAR-T) at the BMS; West Campus is a principal permitted use in the zone, which was created in 2017.

Attached find the correspondence dated March 2, 2020 sent by Mr. Weber which details the CAR-T process and proposed requested amendment to the current PROD zone.

The schedule for the proposed ordinance amendment is as follows;

Introduction	April 14, 2020
Consistency review, Summit Planning Board	April 27, 2020
Hearing and Final Consideration	May 19, 2020

<b>ORDINANCE #</b>	<b>(ID # 7106)</b>
Introduction Date:	9/19/2017
Hearing Date:	10/3/2017
Passage Date:	
Effective Date:	

**AN ORDINANCE AMENDING THE CODE, CHAPTER XXXV, DEVELOPMENT REGULATIONS ORDINANCE, ARTICLE XIII – ZONING REGULATIONS, SECTION 35-13.17, PLANNED RESEARCH OFFICE DEVELOPMENT ZONE (allow research and development of chimeric antigen receptor T-cells therapies as a permitted use in PROD Zone)**

*Ordinance Summary: This ordinance amends Chapter XXXV – Development Regulations of The General Ordinances of The City of Summit, Article XIII, Zoning Regulations, Section 35-13.17, Planned Research Office Development Zone, to allow for the research and development of chimeric antigen receptor t-cells therapies as a permitted use in the Planned Research Office Development (“PROD”) Zone.*

WHEREAS, the City's zoning ordinance currently permits scientific, testing, analytical, research and product development laboratories in the PROD Zone; and

WHEREAS, the City finds the clinical development and commercial production and processing of treatments involving chimeric antigen receptor T-Cells (CAR-T) therapies and biotherapeutic therapies for sale and delivery to hospitals, medical facilities, and medical professionals to be consistent with the purpose of the PROD Zone.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF SUMMIT, as follows:

Section 1. That CHAPTER XXXV, ARTICLE XIII, Zoning Regulations, Section 35-13.17, Planned Research Office Development Zone, be and it is hereby amended and supplemented to read as follows:

A. Purpose. The PROD Zone is intended to permit a specialized range of uses which will strengthen the local economy by expanding job opportunities and diversifying the City's tax base in a manner which is consistent with the overall character of the City and compatible with surrounding uses and facilities. The zone is intended to accommodate offices, scientific and applied research facilities, and uses dedicated to the development and application of technology and production techniques. The nature, scale, and function of such uses shall be limited and regulated to ensure that they pose no significant or unusual risk to the public health, safety, and welfare, generate a minimum of noise, heat, glare, odor, dust, vibration, or other nuisances; emit no harmful radiation or pollution of the air, water, or ground; and pose a minimum of traffic, fire, and other safety hazards. The design and development of land and facilities in the zone will be regulated to create a well-planned environment with attractive buildings and structures, well-landscaped buffer and yard areas, and screened access and storage facilities. To achieve these objectives, the zone requires the integrated planning of large tracts of land while permitting phased development to minimize disruptions and instability for existing nearby residents.

B. Permitted Uses.

PRINCIPAL USES:

1. Scientific, testing, analytical, research and product development laboratories exclusively devoted to research, design, and testing or experimentation, including processing or fabricating that is clearly incidental to the principal uses, and, except as set forth in Section 1.e. and 1.f. below, specifically excluding the manufacturing, distribution, packaging or fabricating on the premises of materials or finished products for sale to the general public.
  - a. Administrative, corporate, research and general offices.
  - b. Computer centers, data processing and communications.
  - c. Pharmaceutical research and development operations which include discovery through clinical trials.
  - d. Pilot Plants.
  - e. Research and Development – including the clinical ~~and commercial~~ development and processing needs for the delivery of treatments involving chimeric antigen receptor T-Cells (CAR-T) therapies and biotherapeutic therapies, ~~excluding patient treatment visits at the facility except for discovery through clinical trial as permitted herein (targeted therapies that are processed and designed specifically for each individual patient for their exclusive use).~~

f. Commercial Production and Processing -- the commercial production and processing of CAR-T and biotherapeutic therapies for sale and delivery to hospitals, medical facilities and medical professionals authorized to administer the CAR-T and biotherapeutic therapies to the intended individual patients. Patient treatment visits at the facility are not permitted, except for discovery through clinical trials as permitted herein.

## Section 2. **SEVERABILITY.**

If any paragraph, section, subsection, sentence, sentence clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by any Court or administrative agency of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision of such holding shall not affect the validity of the remaining paragraphs or sections hereof.

## Section 3. **INCONSISTENCY.**

All ordinances or parts of Ordinances inconsistent with this Ordinance are hereby repealed to the extent of such inconsistency.

## Section 4. **EFFECTIVE DATE.**

This Ordinance shall take effect upon final passage and publication according to law.

**Re: Request for Amendment  
Development Regulations Ordinance (PROD Zone District)**

Dear Ms. Licatese, President Fox, and Council Members:

Please accept this correspondence on behalf of Bristol-Myers Squibb (BMS) requesting a clarification of the Planned Research Office Development (PROD) Zone by way of amendment, for the purpose of confirming the existing CAR-T therapy as a principal permitted use.

BMS recently concluded the acquisition of Celgene Corporation, the prior owner and occupant of the 556 Morris Avenue corporate campus, located in the PROD Zone District. Within that District, in 2017, the City created, as a principal permitted use, the commercial development and processing of the cutting-edge oncological therapy known as CAR-T.

CAR-T is an acronym for Chimeric Antigen Receptor T-Cell Therapy, an oncological therapy which uses a patient's own immune system to treat cancer. The process, currently reserved for patients who have exhausted all traditional methods of treating their cancer, begins with apheresis, the process

of withdrawing blood, isolating and removing the T-cells and returning the blood absent the T-cells to the patient. The T-cells are then delivered by special courier to the BMS West Campus where, over an extended process, the T-cells are “taught” to identify a cellular compound unique to the specific cancer that is present in the patient. Once the T-cells go through the chimeric process, they are readied and delivered off-site back to the patient where the chimeric T-cells are reinfused. At this point, the chimeric T-Cells are intended to attack and destroy the cancer cells. (The CAR-T treatment is administered off-site under the care of a medical professional).

The proposed amendment will clarify the purpose and intent of the 2017 ordinance by confirming the delivery of the therapy off-site to medical professionals for the treatment of the patients. A copy of the ordinance amendment is enclosed for ease of reference.

The overall PROD Zone District Ordinance, consisting of approximately 15 pages, will have some minor adjustments for purposes of consistency.

During the initial presentation of the proposed ordinance, Council Member Fox visited the issue of surrounding traffic related to the CAR-T process and its effect on Summit. The Councilwoman’s reminder of the need to acknowledge whether a particular process creates an impact, and, if so, how to address it, inspired BMS to direct its traffic engineer to analyze and report on the effect of the future anticipated success of the CAR-T program. Once the report has been prepared, it will be shared with the City’s Department of Community Services.

It is requested that the proposed amendment clarifying the existing permitted use of the CAR-T program be considered by the Council at its next scheduled meeting, March 10, 2020.

## **RESOLUTION (ID # 7093)**

DOC ID: 7093

TO: Mayor and Common Council  
FROM: Aaron Schrager, City Engineer/ Deputy DCS Director  
DATE: March 20, 2020

### **SUMMARY**

Attached is Change Order No. 1 & Final for the City Hall Air Conditioning Cooling Tower Replacement Project. During installation it was discovered that main conduits carrying electricity to the cooling tower had deteriorated allowing water penetration into the conduits which was then conveyed into the City Hall underground parking garage. This situation was deemed critical and replaced. Change Order No. 1 increases the contract by \$5,285.33 or 4.7%. The original contract award was \$113,000.00 and the new contract amount is \$118,285.33.

Based on the above information, I recommend Common Council approve Change Order No. 1 for the City Hall Air Conditioning Tower Replacement Project which increases and finalizes the contract by \$5,285.33 to the new contract amount of \$118,285.33.

Additional funding can be certified against 2017 capital account C-04-31-041-00A-200.

**AUTHORIZE CHANGE ORDER #2 - CITY HALL AIR CONDITIONING CHILLER  
REPLACEMENT PROJECT - \$42,564.81**

WHEREAS, the City Engineer/Deputy DCS Director advises that during the removal of the main chiller, extensive scaling and deterioration of the main pipes and damage to impellers were revealed, requiring replacement of existing piping, strainers, baskets and impellers, and installation of a chemical feeder system to reduce future scaling, and recommends Change Order #2 for the City Hall Air Conditioning Chiller Replacement Project, increasing the contract by \$42,564.81.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF SUMMIT:

1. That funds in the amount of \$42,564.81 are available in Account No. C-04-31-091-00A-530 and have been certified by the City Treasurer, attached hereto.
2. That the City Treasurer be and she is hereby authorized to issue Change Order #2 to Centralpack Engineering Corp., 359 Greenpond Road, PO Box 359, Hibernia, NJ 07842, for \$42,564.81 for the above mentioned work.

Dated: April 14, 2020

I, Rosalia M. Licatese, City Clerk of the City of Summit, do hereby certify that the foregoing resolution was duly adopted by the Common Council of said City at a regular meeting held on Tuesday evening, April 14, 2020.

## **RESOLUTION (ID # 7088)**

DOC ID: 7088 A

TO: Mayor and Common Council  
FROM: Aaron Schrager, City Engineer/ Deputy DCS Director  
DATE: March 17, 2020

### **SUMMARY**

Attached is Change Order No. 2 for the City Hall Air Conditioning Chiller Replacement Project. During the removal of the main chiller, the main pipes for the system were exposed which revealed extensive scaling and deterioration. The presence of this scaling can have damaging effects as it enters portions of the system thus reducing the life of the cooling system and potentially resulting in costly repairs and downtime. Significant damage was also revealed to the impellers in pumps 1 & 2 when they were exposed. As a result of the scaling and damage, the existing piping needs to be replaced in addition to the strainers, baskets and impellers. Additionally, to reduce the potential for future scaling, a chemical feeder system is being installed for continually water treatment to reduce scaling and impurities in the system. Change Order No. 2 increases the contract by \$42,564.81. The total combined change orders to the contract including \$56,866.81 or 19.1%.

Based on the above information, I recommend Common Council approve Change Order No. 2 for the City Hall Air Conditioning Chiller Replacement Project which increases the contract by \$42,564.81 to the new contract amount of \$354,636.81.

Additional funding can be certified against 2019 capital account C-04-31-091-00A-530.

**AUTHORIZE CHANGE ORDER #14 & FINAL - COMMUNITY CENTER RENOVATION  
PROJECT - \$42,029.05 PLUS \$0.21 ADJUSTMENT**

WHEREAS the City Engineer/Deputy DCS Director recommends Change Order #14 & Final for the Community Center Renovation Project, which includes completion of earth work on the southern slope, installation of temporary fencing, temporary heating during the project, several credits for work not completed, finalized quantities for the entire project, plus a \$0.21 adjustment to correct a discrepancy from previous change orders, increasing the original contract with H & S Construction & Mechanical, Inc. by \$42,029.05 for the cost of the above referenced work as agreed to by H & S, which in the aggregate does not exceed 20% of the net contract amount.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF SUMMIT:

- . That funds in the amount of \$42,029.05 and \$0.21 are available in Account No. C-04-31-041-00A-100 and have been certified by the Assistant City Treasurer, attached hereto.
- . That the City Treasurer be and she is hereby authorized to issue Change Order #14 and Final to H & S Construction & Mechanical, Inc., 721 Bayway Avenue, Elizabeth NJ 07202, for \$42,029.05 for the above mentioned work plus \$0.21 adjustment to correct the discrepancy from previous change orders.

Dated: April 14, 2020

## RESOLUTION (ID # 6637)

DOC ID: 6637 F

TO: Mayor and Common Council  
FROM: Aaron Schrager, City Engineer/ Deputy DCS Director  
DATE: February 7, 2020

### **SUMMARY**

Attached is Change Order No. 14 for the Community Center Renovation Project. Change Order #14 includes four (4) individual necessary items of work that have previously been completed and also finalizes quantities for the entire project. A few of the key items included in this change order are the earth work completed along the southern slope, installation of temporary fencing, cost for temporary heating required during the project, and several credits for work not completed. Change Order No. 14 adjusts the contract based on the agreed upon costs for each item of work completed. Change Order No. 14 increases the contract by \$42,029.05. The original contract award was \$6,099,100.00. The new contract amount including Change Order #14 and all previously approved change orders is \$6,429,147.99. This equates to a total increase of \$330,047.98 or an increase of 5.41%. Projects of this magnitude typically include a 10% contingency and an overage of 5-10% is assumed. Being within this range despite having encountered significant unforeseen conditions is quite an accomplishment.

Based on the above information, I recommend Common Council approve Change Order No. 14 for the Community Center Renovation Project which increases the contract by \$42,029.05 to the amount of \$6,429,147.98.

Funding for this change order (#14) can be certified against existing capital accounts established for improvements to facilities. This specific account is: C-04-31-041-00A-100

Additionally, when change orders #5-#12 were certified, the amount certified was \$0.21 less than the amount in the memo and the change order form. As a result, an additional \$0.21 needs to be certified against C-04-31-041-00A-100 to correct the discrepancy.

**EXTEND 2020 ANIMAL LICENSE RENEWAL DEADLINE TO AUGUST 31, 2020**

WHEREAS, in a memo dated March 30, 2020, the Health Registrar/Board of Health Secretary (“Registrar”) advises that the current 2019 dog and cat licenses will expire on May 31, 2020, and

WHEREAS, due to the stay-at-home order issued by Governor Murphy through Executive Order 107, relative to the current COVID-19 pandemic, many residents may not be able to fulfill the requirement to update their pet’s rabies vaccination, and therefore, the Registrar recommends extending the license renewal deadline to August 31, 2020 for the 2020 license year, and

WHEREAS, the Registrar further advises that the City Administrator and Health Department Director support this recommendation.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF SUMMIT:

That the deadline of May 31, 2020, for the renewal of dog and cat licenses for the 2020 licensing year, be and is hereby extended to August 31, 2020.

**From:** Gayle Mauro, CMR/BOH Secretary  
**Date:** March 30, 2020  
**Subject:** Request to extend animal licensing renewal deadline

---

Due to the current COVID-19 pandemic, I would like to request the Common Council consider extending the deadline to August 31, 2020 for residents to renew animal licenses for the upcoming 2020 license year.

The current 2019 license expires on May 31, 2020 and since there is a stay at home order in place, many residents will not be able to fulfill the mandatory update of the rabies vaccination requirement at this time.

I discussed the request with City Administrator Michael Rogers and Health Director Megan Avallone and they both support this recommendation.

Thank you for your consideration.

DATE: March 30, 2020

### **SUMMARY**

The applicant for the development at 123-127 Summit Avenue – (ZB-18-1966-2) has requested a partial release of their performance bond for this project. The applicant original posted a performance guarantee in a total amount \$93,859.78. Based on the remaining work and concurrence from the Board Engineer (Maser), the performance bond should be reduced to a total of \$72,509.38 (120% of estimate). Of this, the City should retain the cash portion of the performance bond, (initially \$9,385.78), and request a revised bond for the remaining \$63,123.40. If approved, a copy of the resolution should be sent to the applicant indicating the approved reduction.

TOWNSHIP OF BERKELEY HEIGHTS  
PLANNING BOARD  
NOTICE OF HEARING  
SITE PLAN APPROVAL

Applicant: Lockhern Associates, L.L.C.

Subject Property: Block 702, Lot 17, Unit B (COOB)

428-432 Springfield Avenue, Berkeley Heights, New Jersey 07922

This notice is being provided pursuant to N.J.S.A. 40:55D-12 to advise that an application has been filed by Lockhern Associates, L.L.C. with the Planning Board of the Township of Berkeley Heights for preliminary and final site plan approval and variances with respect to the property located at 428-432 Springfield Avenue and designated as Block 702, Lot 17, Unit B (COOB) on the Tax Map of the Township of Berkeley Heights (the "Property").

The Applicant proposes to renovate the exterior façade of the pre-existing shopping plaza building on several sides of the building, proposes to remove the pre-existing, four-sided plaza sign and replace it with a shorter, two-sided plaza sign and proposes to resurface and re-paint parts of the pre-existing retaining wall, which is adjacent to the plaza sign and partially surrounds one of the parking areas on the Property.

In addition to the site plan approval, the Applicant seeks variances from the requirements in Berkeley Heights land use ordinance section 5.4.2 regarding the size of the plaza sign and the content of the lettering of the plaza sign, from the requirements in land use ordinance section 6.1.1 for the setback of the plaza sign, and from the requirements in land use ordinance section 19.5.6 for illumination of signage. The Applicant also will seek any other variances and any exceptions or waivers that the Planning Board may deem necessary in connection with this application.

Any person interested in this application will have the opportunity to address the Planning Board at the public hearing on Wednesday, April 1, 2020 at 7:30 p.m. in the Municipal Building, 29 Park Avenue, Berkeley Heights, New Jersey 07922.

Plans are available for public inspection in the office of the Board Secretary during normal business hours between the hours of 8:30 a.m. and 12:00 p.m. (noon) or between 2:00 p.m. and 4:00 p.m., Monday through Friday (during the summer, the office closes at 1:00 p.m. on Fridays). *3/24/2020*
