An act initiated by the Common Council that becomes law. The violation of an ordinance may result in summonses being issued. Generally, an ordinance remains in effect until repealed or modified and may not be amended or modified by a resolution. The attached Report details affordable housing activity for 2020.

The Report is available to the public on the City website and a copy has been forwarded to Fair Share Housing Center.

Additionally, the Report has been reviewed and discussed with members of the Affordable Housing Committee at their meeting on February 3, 2021.

## **2020 AFFORDABLE HOUSING REPORT**

This status report identifies 2020 action to address affordable housing development in the City of Summit and to facilitate the future development of 50 affordable housing units for rental or sale in scattered locations.

#### **January 30, 2020**

A 30-year deed restriction was filed for the two (2) low income affordable housing units at the project located at 31 Russell Place.

#### **March 24, 2020**

#### **April 2, 2020**

A 30-year deed restriction was filed for the three (3) bedroom unit located at 123 Summit Avenue, unit 6. This unit contributes towards the development of 50 units for rental or sale. Units 123, 125 & 127 Summit Avenue will all count toward the City's 50 new unit obligation under its Settlement Agreement with Fair Share Housing Center. Attachment: Affordable Housing Status Report 2020\_FINAL (7605 : Affordable Housing 2020 Annual Status Report)

**October 20, 2020**

The City executed a settlement agreement as the result of a complaint filed by plaintiffs associated with plans for a 100% affordable housing development at 146 Morris Avenue. The development includes the construction of a 12-unit condominium community. The City will fund an additional \$216,000 for a total of \$1,416,000. towards the development of the project. The project redesign will potentially provide an additional two (2) units to the community in the future. All units will contribute to the development of 50 units for sale or rental.

Common Council appointed DCS Administrative Manager, Matthew DiLauri, as its new Municipal Housing Liaison to replace retiring DCS Director, Paul Cascais.

**October 22, 2020**

The City engaged H2M, a Licensed Site Remediation Professional (LSRP), to assist with environmental administrative services for the Broad Street West redevelopment project. The project will allow the City to advance its unit and spending obligations.

**December 2, 2020 (& May 11, 2020)**

In May and December, the City spent \$400,000 from its Trust Fund to rehabilitate windows and stairs at 50 Glenwood Place.

**December 2, 2020 (& May 11, 2020)**

Common Council approved \$191,672 from its Trust Fund to provide affordability assistance for the units at 31 Russell Place (Franklin Place off-site obligation).

**December 18, 2020**

Union County has rehabilitated 13 units in the City of Summit since April 1, 2010, according to the COAH CTM monitoring system. Additional County rehabilitation numbers were requested and are forthcoming. Additional County units coupled with the 40 units rehabilitated through the Summit Housing Authority (reported in the City's Midpoint Review Report from July 1, 2020) moves the city closer to its 131-unit rehabilitation obligation. The City will continue to partner with the County for its rehabilitation program, as well as the Summit Housing Authority for rehabilitation of existing affordable units within the City.

**February 3, 2021**

A meeting of the Affordable Housing Committee, local clergy and other stakeholders is convened to review and discuss this 2020 Annual AH Status Report.

**February 17, 2021**

At the regular meeting of the Common Council, the Annual AH 2020 Status Report (including opportunity for public comment) is reviewed and discussed by the members of Council.

## NOTICE TO JERSEY CENTRAL POWER &amp; LIGHT COMPANY CUSTOMERS

## IN THE MATTER OF THE IMPLEMENTATION OF L. 2018, C. 17 REGARDING THE ESTABLISHMENT OF ENERGY EFFICIENCY AND PEAK DEMAND REDUCTION PROGRAMS

AND

## IN THE MATTER OF THE VERIFIED PETITION OF JERSEY CENTRAL POWER &amp; LIGHT COMPANY FOR APPROVAL OF JCP&amp;L's ENERGY EFFICIENCY AND CONSERVATION PLAN INCLUDING ENERGY EFFICIENCY AND PEAK DEMAND REDUCTION PROGRAMS (JCP&amp;L EE&amp;C)

## Notice of a Filing and Notice of Public Hearings

BPU Docket Nos. QO19010040 and EO20090620

TAKE NOTICE that, on September 25, 2020, Jersey Central Power & Light Company ("JCP&L" or "Company") filed a petition with the New Jersey Board of Public Utilities ("Board") seeking approval of the proposed JCP&L Energy Efficiency ("EE") and Peak Demand Reduction ("PDR") programs, including its associated cost recovery mechanisms ("JCP&L EE&C Plan" or "Plan").

JCP&L seeks Board approval of its proposed JCP&L EE&C Plan for the three (3) year period starting July 1, 2021 and ending June 30, 2024. The Plan consists of 10 EE programs and subprograms and one (1) PDR program, which are intended to provide EE, reduce peak demand and promote access to such measures for low-income communities. The Plan includes dedicated programs for residential, commercial and industrial, and multifamily customers. The Company is proposing a budget of \$230.1 million, consisting of \$187.5 million in investment and \$42.6 million in expenses for the JCP&L EE&C Plan over the three (3) year period covered by this filing. The Company submits that the JCP&L EE&C Plan will further the goal of achieving energy reduction as set forth in the Clean Energy Act of 2018 and the New Jersey 2019 Energy Master Plan, and complies with the requirements of the Board's June 10, 2020 Order directing the Utilities to establish EE and PDR programs.

In conjunction with implementation of the Plan, JCP&L is seeking Board approval to recover in rates via proposed Tariff Riders, EE&C and Lost Revenue Adjustment Mechanism ("LRAM"), the revenue increases associated with the capital investment costs, operation and maintenance expense, and lost revenues or revenue reductions associated with implementing the JCP&L EE&C Plan. The Company is seeking to set an initial rate for the Plan at this time, and also seeks authority to recover a return on and return of its investment through annual adjustments to these reconcilable clauses beginning on July 1, 2021 and continuing through approximately 2034. These approximate dates are being provided for informational purposes only and are not intended to prejudice any JCP&L request for recovery of Plan costs. The Company estimates that rate changes for electric rates effective July 1, 2021 would increase revenue collection by approximately \$18,695,588 million in the first Plan year. These rate changes are estimates and are subject to change.

The following illustrative chart shows the estimated monthly bill impacts (by cumulative dollars and percentages) to typical and class average customers based on a comparison of present and proposed rates at each rate adjustment date under JCP&L EE&C Plan and the approximate net effect on customers in various rate classes of the proposed increases in charges, including the EE&C and LRAM rates, although the actual effect on specific customers will vary according to the applicable rate schedule and level of the customer's usage.

The percentage increases noted above are based on rates in effect on January 1, 2021, including applicable Basic Generation Service ("BGS") charges and assuming customers receive commodity service from JCP&L. They are also based on current projections that assume full implementation of the Plan as proposed. It is anticipated that the Company will make annual filings each year of the Plan to request the Board's approval to implement that Program Year's revenue requests. The annual rate impact of the program for a typical residential customer using 9,212 kWhs per year is expected to average \$0.69 per year or .65% over the July 2021 through June 2024 period, and is expected to peak at a \$2.06 increase in June 2024 compared to current bills. The Board's decision in this matter regarding the JCP&L EE&C Plan and its decisions on those annual filings may change the dollars and percentage impacts as shown above. Any assistance required by customers with regard to the bill impacts will be furnished by the Company upon request.

Any rate adjustments with resulting bill impacts found by the Board to be just and reasonable as a result of the Company's filing may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other legally sufficient reasons to any class or classes of customers of the Company or any rate or schedule. Therefore, the described impacts may change based upon the Board's decisions.

Subject to any applicable restrictions due to the COVID-19 pandemic, copies of the petition and supporting documents will be made available for inspection on the Company's website at: [https://www.firstenergycorp.com/jersey\\_central\\_power\\_light/regulatory.html](https://www.firstenergycorp.com/jersey_central_power_light/regulatory.html).

PLEASE TAKE NOTICE that, due to the COVID-19 pandemic, a telephonic public hearing will be conducted the following date and times so that members of the public may present their views on the company's filing:
