

CITY OF SUMMIT

SEVERE WEATHER GUIDELINES

ALERT

The Office of Emergency Management is advising citizens to plan ahead for severe weather.

PROCEDURES

- Secure a three to five day supply of non-perishable food and water
- Charge cell phones
- Buy batteries for flashlights and radio
- Assemble a first aid kit
- Know the location of the nearest shelter in case of evacuation order
- Test generator and secure fuel for it (do not use indoors, exhaust properly)
- If prescribed, order extra oxygen before bad weather arrives
- Secure any outside objects from yard and construction sites that could become airborne
- Check on elderly neighbors once storm has ended
- Stay away from downed wire. Call 911 to report

HELPFUL HINT

ATM's and credit card machines do not work without electricity. Plan ahead!
