Atlantic Health System Vaccination Center at the Summit Community Center

Frequently Asked Questions

Where can I get a vaccine in Summit?

The City of Summit in partnership with Atlantic Health System's Overlook Medical Center has established a location at the Summit Community Center to administer COVID-19s vaccine as part of Phases 1A and 1B, and in other phases when eligible.

Do I need an appointment to receive a vaccination?

Vaccinations will be by appointment only beginning on Monday, February 8, 2021 and administered Monday to Saturday from 8AM to 6PM when vaccine supplies are available. To register for a vaccine appointment alert go to: www.atlantichealth.org/covidvaccine. The process requires registration for a vaccination appointment alert at <https://www.atlantichealth.org>. When vaccine is available, Atlantic Health System will send a notification to schedule an appointment. **No walk-ins will be accepted.** All appointments must be made online.

How will the process work? How do I know if I am eligible?

At this time, vaccine supply is extremely limited and appointments will only be made available to eligible recipients as supply allows. To determine eligibility, visit the State of New Jersey COVID-19 [website](https://www.covid19.nj.gov) at <https://www.covid19.nj.gov>.

What should I bring with me to the appointment? What should I wear?

Print out your appointment confirmation and bring it with you along with an ID and insurance information. Wear clothing that allows easy access to your upper arm.

Where should I park at the Summit Community Center?

Individuals with an appointment for a vaccination should park in the Morris Avenue parking lot at the Community Center and enter the building through the main entrance. The parking area off Morris Court will be used by staff and recreation program participants. **As parking is limited, please do not arrive sooner than 15 minutes before your scheduled appointment. Once you have been vaccinated and released by the medical team, please depart from the parking lot as soon as possible.**

Where do I go when I enter the building? Signs will be posted indicating where to register. Each person entering the building must wear a face covering over their mouth and nose at all times. Social distancing is required.

CITY HALL 512 SPRINGFIELD AVENUE SUMMIT, NJ 07901

All patients will be screened to determine if they have tested positive for COVID-19 within the past 14 days, have a pending COVID-19 test diagnosis or someone within their household who has tested positive for COVID-19 within the past 14 days. Patients will be required to complete temperature and symptom screening when entering the facility. If an individual does not pass any element of the screening, they will not be permitted to enter. Once registered, patients will be directed to a waiting area before entering the gymnasium.

What do I do after I receive my vaccination?

After receiving a vaccination, patients will be required to remain in an observation area for 15 minutes before they can exit.

What if I am a senior living in Summit and need transportation to my appointment?

Once an appointment for a vaccination is scheduled, those without access to transportation may call the Department of Community Programs (DCP) at 908-277-2932. Individuals without online access may contact the DCP for assistance with registration. Please do not call the DCP if all appointment times are filled. This is a helpline for residents without Internet access and seniors with transportation needs only.
